Many countries want to host international sports event, because it is very beneficial. Do you agree?

Write 150-200 words

Remember to:

- make an introduction
- explain your opinion
- make a conclusion

Nowadays a lot of sport events are taken place in the world. Some people think that it gives a lot of benefits to the country which host it. I think this statement is true and in this essay I will try to explain my opinion.

Firstly, international sport event is a world famous event. It means that the whole world will visit the hosting country. Consequently, this country will gain extra money from the tourists who will spend their money on different local attractions. Secondly, the hosting country will improve its structure to make it more admirable for the tourists.

However, country has to spend a lot of money, too. If there are not any attractions or famous sights or the city looks ugly and distinguish, tourists will not visit it again. Afterwards, the country should think about the security on the event because lots of crimes happen in such crowded places.

Finally, I agree with the given statement because international sports events improve the economic of the country.

All in all, such events demand a lot of responsibilities and a lot of money.
