Many countries want to host international sports event, because it is very beneficial. Do you agree?

Write 150-200 words

Remember to:

- make an introduction
- explain your opinion
- make a conclusion

It's well-known fact that international sport events have a great significance for every country, so I certainly agree with the statement as there will be explanation below.

To begin with, I'd like to say that holding international sport event has a lot economical profits as it can bring much money to the government budget because the coming foreigners are needed to have lodgings and simple means for living which ~~can~~ the country <sup>can</sup> provide. Apart from this it has a great political significance and helps to take the countries' own place among developing countries. Personally, me, it's a great chance to improve my English by talking with foreigners.

To sum up, I'd like to say that any international event is interesting and significant occasion. It is a great chance to realise the importance your own country and helps to born the patriotic sense among young generation.
